

I have

**seed dispersal**

who has

*a word that describes the thing at the bottom of a food chain that a consumer eats?*

I have

**pollination**

who has

*a word for the part of a plant that anchors it to the ground?*

I have

**producer**

who has

*a word for an animal that hunts its prey?*

I have

**root**

who has

*the word that describes when the root and shoot first appear from a seed?*

I have

**predator**

who has

*the name of a life form which is so tiny that we cannot see it with the naked eye?*

I have

**germination**

who has

*the word that describes the process that a plant uses to make its own food?*

I have

**micro-organism**

who has

*a word that describes a material which will not let light through?*

I have

**photosynthesis**

who has

*a phrase that describes the process by which a plant distributes its seeds?*

I have  
**evaporation**  
who has

*the word that describes the change when  
water turns from a solid to a liquid?*

I have  
**opaque**  
who has

*a type of change that takes place when  
chocolate is heated until it melts?*

I have  
**melting**  
who has

*the word that describes the mixture that you get  
when water and salt mix together completely?*

I have  
**reversible**  
who has

*the word for the process that causes water droplets to  
form on the outside of a glass of iced water?*

I have  
**solution**  
who has

*the word that describes the process when  
water changes from a liquid to a solid?*

I have  
**condensation**  
who has

*the word for the process that occurs when sugar  
mixes completely with water?*

I have  
**freezing**  
who has

*the name for a material that will not allow  
heat or electricity to pass through it easily?*

I have  
**dissolving**  
who has

*a word for the process in which water is taken into  
the atmosphere as water vapour?*

I have  
**conductor**  
who has  
*the method that you would use to separate sand  
and water?*

I have  
**insulator**  
who has  
*the word that describes the process that takes place  
when water is heated and changes into a gas?*

I have  
**filtration**  
who has  
*the word for a substance that cannot be  
dissolved?*

I have  
**boiling**  
who has  
*the method by which rice can be separated from  
flour?*

I have  
**insoluble**  
who has  
*the type of change that takes place when a  
material is burned?*

I have  
**sieving**  
who has  
*the word that describes the property of sugar that  
allows it to dissolve in water?*

I have  
**non-reversible**  
who has  
*the name of the component that allows you to  
complete a circuit in a controlled way?*

I have  
**soluble**  
who has  
*a material that will allow heat or electricity to pass  
through it easily?*

I have  
**gravity**  
who has

*the type of force that resists movement between two surfaces?*

I have  
**switch**  
who has

*the scientific word for a push or a pull?*

I have  
**friction**  
who has

*a word that describes the motion of the Earth as it turns on its axis?*

I have  
**force**  
who has

*a word that describes the motion of the Earth around the Sun?*

I have  
**rotate**  
who has

*the word that describes movements which cause sounds?*

I have  
**orbit**  
who has

*the unit that is used for the measurement of a force?*

I have  
**vibrations**  
who has

*the word that describes the transfer of pollen from one plant to another?*

I have  
**newton**  
who has

*the force that pulls objects towards the centre of the Earth?*
